FROM THE PRESIDENT'S CHAIR

Hello everybody.

OMG, here we are again, fast approaching the festive season with Christmas just down the road and a new year just around the corner. There have been quite a lot of events over the last couple of months that have kept us all very busy and out and about.

Our trip to Gatton to the Truck Museum was a very interesting and pleasant day, and the All Ford day was an excellent turnout of members, as was the run to Kalbar. You can read all about our outings in this newsletter.

I hope to see you all at our Christmas party which is on this Sunday the 2nd of December. Food is provided for members by the club and cost to non-members is \$10, BYO drinks and chairs. Remember to bring your secret Santa present. If you are bringing children or a guest please cater for them as well, that way nobody will miss out on getting a present. In case of heavy rain we will still meet at the designated place and travel to an alternative venue.

We have received some excellent donations for the Christmas raffle and I want to thank all those who made an effort and contributed to it. We have some fabulous prizes and hampers full of lots of goodies and very useful things, and selling of tickets is underway. If you would like to help by selling tickets please see me or Peggy for ticket books and a flyer displaying the prizes. We are hoping to raise enough money not only to cover club expenditures, but also to give a weekend away to a young family who have had a tough year since their 3 year old was diagnosed with leukaemia. So let's get revved up and get out there and sell lots of tickets in our raffle.

I would like to welcome Garry and Valerie Chudasko to our club. Garry and Val have a beautiful 1971 XY Fairmont GS sedan, which won 1st of club cars at the All Ford Day, as well as a 1967 Mustang. Welcome also to Garey and Adrienne Hocking, they have a Chevy Impala, yes folks, you heard right, I did say Chevy. With Angela's purchase of a 1983 Statesman, that now makes 2 Holdens, 1 Chevy and heaps of Fords.

Members are encouraged to send in any articles and pictures of their cars and should email them to me. Please be aware that any articles for the next edition need to be submitted by the 20th January. If we already have enough content they will be put in a later edition.

I must also stress that while we are a social club and enjoy getting out and having the occasional coldie with our lunch or dinner, drinking alcohol outside a venue and/or in public places is not acceptable.

Whatever you have planned for Christmas please do it safely and I wish you all a very happy one and hope you all eat too much and get lots of lovely pressies.

Have a very cruisey Christmas and a supercharged new year. I'll see you on the highway. *Anne-Marie*

GATTON TRUCK MUSEUM

We all met up at Goodna servo; Mal Ferguson, Gary L, Rob Taylor, Craig and Olivia, Garry and Angela, Owen and Vicki, Ollie, Tony Sullivan, Anne-Marie, Richard, and Tony a friend of Craig's. It was an eventful start to the day with Rob having to take his XC home as the tyres were scraping badly after it was lowered. Gary L followed him home and brought him back to ride with him. Then it was Craig's turn when the Tank refused to start. After some effort it was all engines go and we eventually set off towards Gatton.

We had a great line up of cars outside the truck museum.

Hitchhiker Angela.

On arrival at the museum we had a lovely morning tea and then did a tour guided by a very knowledgeable volunteer who told us some very interesting stories about some of the trucks on display, most of which had been donated to the museum. The truck display was fabulous and after checking them all out we headed off to the Sundowner Saloon for lunch.

L-R Vicki, Owen, Gary L, Angela, Garry E, Tony, Ollie, Olivia, Craig and Rob, Mal was outside at the time and Anne-Marie was photographer.

KALBAR RUN

Considering it was a wet morning and we had been hit by a couple of pretty big storms the day before, we had an excellent turnout of members for the run to Kalbar. Our first stop was Kalbar train carriages and treats set up and run by a husband and wife team from Europe. We had a lovely morning tea of coffees and fresh homemade lemon meringue pie from the ice cream parlour and checked out the carriages, an old fashioned lolly shop and the other an antique store. We then headed off to just around the corner to the Happy Days car museum. This is a big old shed which the owners have been turning into a museum of a happy days style diner and old style living which includes a dining area, upstairs bedroom and private bar and a garage full of classic cars. Outside is an old style servo and a rather large collection of old cars.

The museum is not actually open to the public as yet but the owners allowed us a sneak peek before it opens in the new year as a fully functional 50s milk bar and diner.

Some of us in the diner

L-R Karen, Peggy, Sharon, Gail, Angela & Anne-Marie

After enjoying looking around the museum, we headed off to the Roadvale Tavern for lunch. We had a free club raffle, 1st prize was won by Mike Little, who drove Gary L's XC, Ross won 2nd and Karen won 3rd.

L-R Tony, Sharon, Karen, Peggy & Ross

L-R Garry & Angela, Ollie, Dulcie & Gary L

What started out as a rather dull looking day turned into a great run and credit to all those who braved the elements and turned up, we had about 10 cars, Karen even brought her hotrod out, so well done to all. And also thanks to our run co-ordinators Garry E and Gary L, and Angela for doing up a very informative run sheet and donating the great raffle prizes. We have some beaut ideas for runs in the new year and would like to see more of our members coming along, so make the effort, you will enjoy it.

Be warned kiddies, you too could look like Rob if you smoke.

ALL FORD DAY

Our club run for October was the All Ford Day. Thanks to all those who made the effort to come along, we had a great rollup of 16 cars. There were some fabulous cars to look at and a good swap meet. The XYs ran away with the trophies for club cars with our new member, Garry Chudasko, getting a 1st for his XY sedan and Anne-Marie and Ross getting a 2nd and a 3rd for their XY utes. All together a very pleasant and rewarding day.

Everybody had a chance to relax and take it easy under our marquee.

ALL CLASSICS OUT AND ABOUT

We had a fantastic attendance for our 2nd Saturday night dinner run to The Happy Days Diner at Oxenford. We had a booking for 20 people and had to ring and increase the numbers. Well done considering it was a wet night. It was also Peggy's birthday so we surprised her with a birthday cake and helped her celebrate.

Garry wondering "where is the food???"

1914 Model T Ford Station Wagon.

May 31, 1927, the last Ford Model T rolled off the assembly line. It was the first affordable automobile, due in part to the assembly line process developed by Henry Ford. It had 2.9-liter, 20-horsepower engine and could travel at speeds up to 45 miles per hour. It had a 10-gallon fuel tank and could run on kerosene, petrol, or ethanol, but it couldn't drive uphill if the tank was low, because there was no fuel pump; people got around this design flaw by driving up hills in reverse. Ford believed that "the man who will use his skill and constructive imagination to see how much he can give for a dollar, instead of how little he can give for a dollar, is bound to succeed." The Model T cost \$850 in 1909, and as efficiency in production increased, the price dropped. By 1927, you could get a Model T for \$290. "I will build a car for the great multitude," said Ford. "It will be large enough for the family, but small enough for the individual to run and care for. It will be constructed of the best materials, by the best men to be hired, after the simplest designs that modern engineering can devise. But it will be low in price that no man making a good salary will be unable to own one - and enjoy with his family the blessing of hours of pleasure in God's great open spaces."
