# The President's Report

Like the Christmas tree at the Drag Racing, the new comittee has had a good start off the block!

Our 1st meeting was the initial meeting and the handover to the new committee members. Our recent car club runs and activities have been well attended with visits to Gatton and the Sunday in the Sun - Back to '63 event in Ipswich. The meal run to Wellington Point to the Off the Wall Diner was a success with great food - how big were those burgers - some of us could not finish them! It was nice to see Di getting better after being unwell.

Our Quickie Christmas Raffle - the new quick and easy version - will be looking for donations up to 21<sup>st</sup> November. - if everybody donates something - large or small we will be able to look forward to presenting some great prizes to sell more tickets.

We would like to thank Anne-Marie for continuing to produce the newsletter until Christmas with Tracey taking over as Editor into 2016. If there are any budding reporters out there - of any age - young or not so young - please see Anne-Marie and/or Tracey. Even a short paragraph about your recent visits to swap meets or show and shines - tell us your news.

This year's Christmas Party is at Greenbank - Karen has spoken to the chef and they have designed a menu to suit all tastes. This year we are asking for members to pay a booking fee of \$5 - this will secure your booking and will be refunded on the night. All non - members will be required to pay in full before the night - See the details in the Christmas Party Bulletin page.

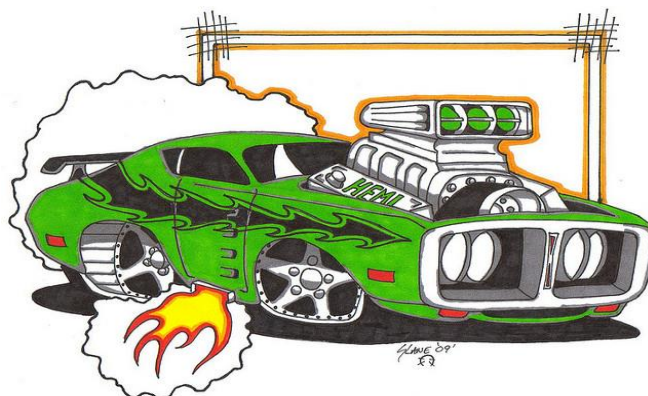

On 19<sup>th</sup> September. we went on a meal run to Chef's Deck at Jacobs Well. Along with being Mick's Birthday we were in high spirits having a good laugh with a total of 10 there.

A big thank you to Val and Garry for hosting the last comittee meeting in the pergola, while the thunder and lightning sounded and it poured with rain?!

**Get your cars out this Sunday for a trip to Highfield-to see the Pioneers Village.**

**20 Acres of picturesque grounds with 20 historical heritage buildings!**

**See you there or be square!.....Garry.**

## **SATURDAY NIGHT DINNER RUN**

The dinner run for August was to the Off the Wall diner at Wellington Point. It is only a small place but the burgers are the biggest around and certainly proved a challenge for those who ordered them.

L-R Tracey and Stephen, Vicki, Mick, Owen, Dianne, Anne-Marie, Karen, Tony, Garry, Leon, and Mal was our photographer.

## LAIDLEY TRUCK MUSEUM AND HOT RODS DINER at GATTON

We had a good turn out for our Sunday run with 7 classics and 1 daily drive.

We started the morning with a leisurely drive to Laidley where we stopped at the Eagle Rock Diner for morning tea, what a great place well worth the stop. We then headed off towards Gatton where we stopped at the Transport Museum, a few of us went through and enjoyed the museum. It was then time to head to Hot Rods Diner for lunch, (another great place in a 50's theme) where we all enjoyed lunch and a good old chin wag.

A great day was had by all.

L to R – Dianne and Mick, Karen, Stephen, Scott, Tracey, Val and Garry C, Garry and Angela, Tony, and Mal was taking the photo. Craig, Lerissa and her friend Chloe had already left Hot Rods Diner.

### EDITOR'S REPORT

Our front cover classic for this issue is Gordon Inwood's 1958 Fairlane. If you want to see your cars featured get the camera out, write a brief description and send it in to me. Please be aware that any articles for the next edition need to be submitted no later than the 20<sup>th</sup> November, and if we already have enough content they will be put in a later edition.

*Anne-Marie*

## SATURDAY NIGHT DINNER RUN

The Saturday night dinner run for September was originally planned for the Gem Hotel at Yatala, but as happened the last time we organised to go there, they were having a special event (pig races this time) on the same night, which means heaps of people and cars, so we decided it would be better to go somewhere else. We decided to go to the Chefs Deck, a great little place just down the road at Jacobs Well.

The food was excellent and there was plenty of it. It was Mick Dignam's 50<sup>th</sup> birthday so Dianne had brought a yummy birthday cake along for him to cut and share. Happy birthday Mick.

The group was Karen, Scott, Dianne, Mick, Stephen, Tracey, Garry, Tony, Mal and Anne-Marie

After we had all finished our meals and enjoyed Mick's birthday cake we headed back to the BP truck stop for coffees and found this poor man who appeared to be homeless and looking for some-one to take him with them. Unfortunately for him, but not surprising, nobody wanted to take him with them. However, touched by his desperate plight, and being the softie that she is, Karen relented and took him home with her. Lucky for you Scott.

## How's this for recycling!

The Benson Ford was originally a cargo ship for the Ford Motor Company. The interior was designed by Henry Ford, and Thomas Edison was often a passenger. From the time it was built in 1924, the boat was used to transport coal and iron ore across the American Great Lakes. After being decommissioned in 1981 it was left to rust for four years before the front part of the ship was removed and perched on top of a cliff, with its bow extending out over Lake Erie for a water-going effect, and then lovingly restored and used by its owner as a vacation home

The four-deck, 7,000 square foot getaway home is made out of the ship's forecastle, and includes the walnut panelled state rooms, dining room, galley, and passenger lounge designed by Henry Ford for his own personal use while on board. It has now been modernized with a garage, a game room, a bar, a state-of-the-art kitchen, five bedrooms, four bathrooms, a captain's office and living room with panoramic views out across Lake Erie. The 90-year-old US cargo ship is beautiful, as she sits there looking out over her former waterway. The history that remains all around the Benson Ford is amazing. You can just imagine Thomas Edison and Henry Ford sitting in the parlour puffing on their cigars. When you're there, it feels as though you are stepping back in time, and that those two famed gentlemen could appear at any moment. An incredible beauty of a long-ago ship, still available for water lovers to see.

## A Girl, a Car and a Mattress:

A girl ran over an innerspring mattress on the highway, and decided not to worry -- and kept on driving. It caught on the undercarriage etc of her Holden. The ensuing jumble finally whipped around enough to tear a hole in the fuel tank.

The subsequent lack of fuel is what finally brought her vehicle to its knees.

She had managed to drive 50 kms with a 25kg tangle of stuff wrapped around her drive shaft.

She had it towed to her Holden dealership, and complained that the vehicle had a 'sort of a noise' when she was driving at high speeds.

Below are the photos of what they found at her Holden Dealership.....

"Sort of a noise" -- I'll bet it did!

They still can't believe their eyes. And probably still wondering how to remove it!
