Presidents Letter

Hello everyone

Welcome back to a little bit of normality, I hope you are all well and rearing to get those cars out.

Hasn't 2020 been the most unusual year, so let's not dwell on the last few months and move on and get those cars out on the road where they belong - we've put together some runs that are covid safe, so please join in.

It's been good to see some of you guys have been doing some small group runs and also out on your own making good use of the impromptu run register.

We are fast approaching membership renewal time and that means the AGM shortly thereafter.

Please consider who you would like to be on the next committee, and a big thankyou from me for this year's committee.

See Ya

Steve

SEX AT 73
I just took a
leaflet out of my mailbox,
informing me that I can
have sex at 73.
I'm so happy, because I live at
number 71.
So it's not too far to walk home
afterwards.
And
it's the same side of the street.
I don't even have
to cross the road!

~~~~~

## CLUES

### ACROSS

- 3. It really stings
- 5. Black top
- 6. Its a wagon
- 7 . Peggys ride
- 9. Give it just a little!!!

- 15. Sometimes made of fibreglass
- 16. circle work
- 19. What we don't want to hit
- 20. It has running boards
- 23. We have around 30
- 24. Its a ute

# THE NEW PICK-UP BOX FOR THE COUPE

*Converts the Coupe  
into a Light Delivery  
or Utility Unit*

The Pick-Up Box is equipped with a tailgate which is fitted with drop-chains. Sides and tailgate are of steel. The floor is made of seasoned wood and is protected against excessive wear by steel skid-strips. The tailgate, when lowered, provides additional load space. Convenient height of floor makes loading easy.

## A HANDY NEW UNIT THAT MEETS MANY NEEDS

At low extra cost, a new Pick-Up Box is available for the 85-horsepower or 60-horsepower Ford V-8 Coupes. When the Pick-Up Box is installed no deck lid is used. Load space is 64 inches long, 33 inches wide and 12 inches deep.

This new unit is built to meet the demands of many operators who desire a commercial unit which gives the driver all the comfort and style of a passenger car. Units of this type will prove very useful on the farm, in the oil fields and for many other lines of business.
